Subject: OBSOLETE BENDIX® ET-2™ ELECTRONIC TREADLES

Several potentiometers used in the Bendix® ET-2™ electronic treadles are no longer available from our supplier. Because of this supplier change, all ET-2 electronic treadles and maintenance kits that contain these potentiometers have become obsolete and are available only while supplies last. Replacement part numbers **are not available** for these ET-2 assemblies; however, some maintenance kits will be available in early 2016. Below is a listing of all part numbers that are affected. Please make a note of these changes.
