

CASH REWARD

FOR BENDIX® FORWARD LOOKING RADARS

**TRADE IN YOUR USED, NON-FUNCTIONING
BENDIX RADAR CORES FOR CASH!**

Start by locating your Bendix® forward looking radar unit.

The unit is located behind the front bumper of any truck that has our Wingman® Fusion™ collision mitigation system installed.

Identify your unit.

Locate the laser marked base part number. We are only accepting part numbers that begin with "K09"— *no other part numbers will be accepted.*

Unit conditions*.

Acceptable Conditions:

- The small mirror is cracked or missing
- Only minor surface scratches, gouges and scuffs are found
- The bracket is still attached and none of the mounting brackets/tabs are broken.

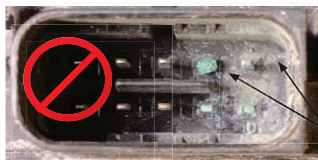

Unacceptable Conditions:

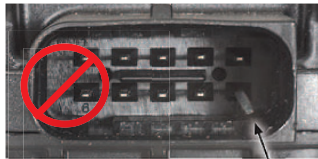

- A cracked, open housing. (visually check that the housing seams around the sides are sealed)
- Broken, missing, or separated mounting tab

Cracked/Broken Housing

Corroded Terminals or Signs of Contamination in the Connector Cavity

Bent/Broken/Missing Terminals

Examine the Connector Terminal.

Unacceptable conditions include:

- The connector is damaged
- The terminals are missing, damaged, bent, or corroded

*** Bendix will make the final acceptability determination at its sole discretion. If in doubt, submit the part for consideration.**

The need has never been greater. Don't wait to get your reward. Turn in your radar cores today. Contact Charity Thomas at 440.284.6577 or email: SC-cores@bendix.com.
