CASH REWARD

FOR BENDIX® FORWARD LOOKING RADARS

TRADE IN YOUR USED, NON-FUNCTIONING BENDIX RADAR CORES FOR CASH!
Start by locating your Bendix® forward looking radar unit. The unit is located behind the front bumper of any truck that has our Wingman® Fusion™ collision mitigation system installed.

Identify your unit.
Locate the laser marked base part number. We are only accepting part numbers that begin with “K09” – no other part numbers will be accepted.

Unit conditions*.

Acceptable Conditions:
• The small mirror is cracked or missing
• Only minor surface scratches, gouges and scuffs are found
• The bracket is still attached and none of the mounting brackets/tabs are broken.

Unacceptable Conditions:
• A cracked, open housing. (visually check that the housing seams around the sides are sealed)
• Broken, missing, or separated mounting tab

Examine the Connector Terminal.
Unacceptable conditions include:
• The connector is damaged
• The terminals are missing, damaged, bent, or corroded

* Bendix will make the final acceptability determination at its sole discretion. If in doubt, submit the part for consideration.

The need has never been greater. Don’t wait to get your reward. Turn in your radar cores today. Email: SC-cores@bendix.com.
