Subject: **Competitive Desiccant Cartridges in Bendix Air Dryers**

*This bulletin is to clarify Bendix's position on the use of competitive desiccant cartridges in Bendix air dryers.*

*Because of the unknown quality and reliability of the materials and workmanship employed by other manufacturing companies, Bendix Commercial Vehicle Systems will not honor warranty claims against its published standard or extended (TAG) warranties when a Non-Genuine Bendix desiccant cartridge is used by any Bendix air dryer. Cartridges not remanufactured by Bendix are Non-Genuine Bendix.*
