Subject: **209877 CRUISE CONTROL RETROFIT KIT**

When ordering cruise control retrofit kits for Eagle buses, Models 5 &10, equipped with a Fuller transmission and a VDO or Dixson speedometer, it is necessary to purchase separately 102622 Speed Sender Assembly.

This is in addition to 209877 basic kit, 207857 speed sender kit and a "T" ratio adapter. (The VDO and Dixson speedometer speed signals are not compatible with the Bendix Cruise Control System.)

For further information, refer to catalog page 10-A-9.
