TOOL COMPONENTS FOR BRAKE PROFESSIONALS

Tool sets to renew the most used components of the Knorr-Bremse Disc Brake Tool Case K158880K50

Knorr-Bremse Tool Case K158880K50 contains all the special tools required for professional repair of Knorr-Bremse Air Disc Brake types SB6/SN6/SB7/SN7/SK7/SM/SL7/ST7 and SyD7.

During demanding service work, a tool can sometimes get lost or damaged when in use. To ensure that you can continue to carry out the service steps involved in servicing Knorr-Bremse pneumatic disc brakes as described in the service manuals, Knorr-Bremse now offers three new tool component sets containing the most stressed components, which you can use to exchange or replace individual tools in Knorr-Bremse tool kit K158880K50.

You will find an overview of these on the next page.

At a glance

- › Workshop solutions inspired by the market: Three tool component sets for restocking.
- › Developed in cooperation with leading manufacturers of special tools
- › Easier, safer, faster and more cost-effective maintenance and repairs
- › Continuous expansion of the tool program
