

# ORIGINAL KNORR-BREMSE GUIDE AND SEAL KITS

## From OE to IAM - Original quality over the entire life cycle

For over 40 years, Knorr-Bremse's pneumatic Disc Brakes have been the first choice of virtually all major vehicle manufacturers worldwide. With its continuous developments to make commercial vehicles even safer under braking, Knorr-Bremse is the choice for associated maintenance parts, with the same highest standards for safety and reliability and low life cycle costs.

The service concept, which is perfectly suited to each Disc Brake, includes all the necessary spare parts for Brake maintenance. One of these is the maintenance of the guiding system. To suit every Disc Brake application, Knorr-Bremse offers original-quality Guide and Seal Kits for the various floating bearing variants.

Knorr-Bremse Guide and Seal Kits are perfectly matched to the Brake and, with the highest material quality and tolerances, ensure excellent performance and durability of the Brake. Knorr-Bremse not only has the knowledge, but access to original equipment specifications and design and revision levels required for the Knorr-Bremse Disc Brake. This means that even if spare parts from other manufacturers initially look identical, you cannot be sure that they meet the complex requirements set by Knorr-Bremse. This can reduce the service life and functional reliability of the components and safety critical aspects of the Brake.

**OE Quality Parts** 

You can identify which Guide and Seal Kit is perfect for your Brake at any time on our website: <a href="mailto:truckservices.knorr-bremse.com">truckservices.knorr-bremse.com</a>

#### At a glance

- Guide and Seal Kits perfectly matched to the Brake
- > Service parts in OE quality
- > Increased service life and functional reliability

#### Overview of the Guide and Seal Kits offered on the aftermarket

## For pneumatic Disk Brakes from Knorr-Bremse

Depending on the Brake generation and/or application, different floating bearing variants are installed in Knorr-Bremse pneumatic Disc Brakes. To facilitate maintenance of the pneumatic Disc Brake's guiding system, Knorr-Bremse offers appropriate Guide and Seal Service Kits. The appropriate Service Kit is assigned to each Brake. You can identify which Kit is suitable for your Brake at any time on our website <a href="mailto:truckservices.knorr-bremse.com">truckservices.knorr-bremse.com</a>.

The following pages contain an excerpt of the most important Guide and Seal Kits offered by Knorr-Bremse on the aftermarket.

# Table of key Guide and Seal Kits offered on the Independant Aftermarket

Note: Overview shows the most common Guide and Seal Kits offered to IAM. To identify which Guide and Seal Kit fits your brake, check our website for the latest information: <a href="mailto:truckservices.knorr-bremse.com">truckservices.knorr-bremse.com</a>.

You will find Information on how to find the right Kit for your brake after the application list.

## **Knorr-Bremse Air Disc Brake identification plate**

## **Identification Plate Variations**

- A = Axle or vehicle manufacturer's identification number
- B = Knorr-Bremse brake type number
- C = Knorr-Bremse part number
- D = Knorr-Bremse date of manufacture

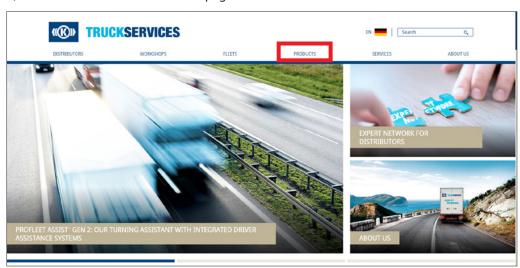

## **Documentation**

On our website <u>truckservices.knorr-bremse.com</u> you will find all spare parts and documents for Knorr-Bremse Disc Brake service:

1) Select "PRODUCTS" on the home page:

2) From here, click on "PRODUCT SEARCH"...

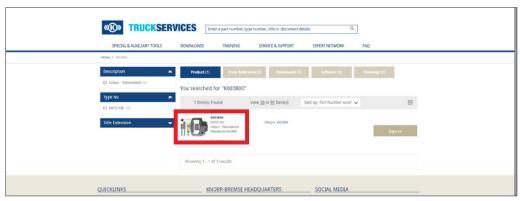

3) From here, enter a search criteria in the field e.g. K003800...

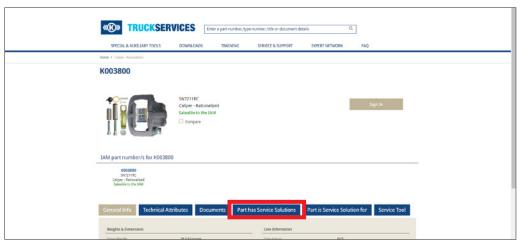

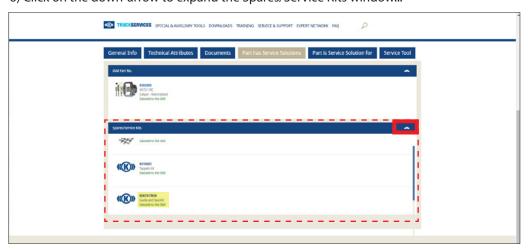

4) On the resulting page click on the product image ...

5) Click "Part has Service Solutions"...

6) Click on the down-arrow to expand the Spares/Service Kits window...

... and scroll the window to see all available kits.

In this example for caliper K003800 the resulting Guide and Seal Kit is K067417K50.

#### **Service Manuals and Tools**

The description of the tools required for the maintenance of the Guides and Seals, along with other serviceable parts and detailed service procedures, are all in the respective Service Manual for the specific Brake type:
