This limited warranty will be void if the purchaser uses: (a) non-genuine Bendix® brand components for repairs and maintenance; and/or (b) non-oil-coalescing filters for air dryers originally equipped with Bendix® PuraGuard® oil-coalescing filters at each maintenance interval.

NOTE: The replacement of air dryer cartridges is considered normal maintenance and is not covered under the warranty.

Failure to use oil-coalescing filter cartridges can result in damage to vehicle components or systems.

Product claimed to be defective must be returned, freight prepaid, via the Original Equipment (OE) dealership or authorized Bendix distributor within thirty (30) days after the date any defect is first discovered. **Unauthorized repairs will void this limited warranty. The only repairs authorized by Bendix during the warranty period are: (a) replacement of the purge valve (all models) using a genuine Bendix part; (b) replacement of the governor assembly (if so equipped) with a genuine Bendix governor approved for this device; and/or (c) replacement of Cartridge Pressure Protection Valves (CPPVs) (AD-HF and AD-HFi models).**

When a claim is allowed, Bendix's responsibility is limited at Bendix's sole option, to repair or replace the defective product with a remanufactured exchange unit. The replacement unit will be warranted for the remaining time period, mileage, or hours of the original warranty.

Labor:

For the first twelve (12) months, 100,000 miles (160,000 kilometers), or 3,600 hours – whichever occurs first – Bendix will also reimburse at its current labor rate applied to the standard hours allowed in Removal and Replacement Schedule (BW1322) when the defective product has been installed.
