

# Special Offer on All Makes by Bendix CVS Cummins® Air Compressors

## Grow your compressor business with **All Makes** by Bendix CVS.

With more than 1 million Cummins® ISX engines on the road today, more and more fleets are looking for quality, cost-effective replacement compressors – especially for older vehicles.

Bendix is ready to help you meet this market need – and grow your sales – with a special offer on our **All Makes** brand of Cummins compressors. That's a win/win for you... *and* your customers.

### Reliable Product at Competitive Price

With **All Makes** by Bendix CVS, your customers get reliable performance at an affordable price, along with the service and support they need. And you get a partner you can count on.

As a global leader in air braking systems, Bendix brings nearly 90 years of original equipment – and nearly 40 years of remanufacturing experience – to our **All Makes** reman Cummins compressors. So you can be confident you're providing your customers with a product that will keep their trucks on the road.

### Backed by Bendix

Few remanufacturers back their products like Bendix. We provide the same technical service and support for our All Makes compressors as we do on our own genuine Bendix® compressors.

### With **All Makes**, you give your customers:

- Reliability they need to keep their truck on the road and costs down
- Significantly lower price than the Cummins Reman
- Post-sales support from a trusted supplier
- Strong warranty protection

# Now it's easier to stock Bendix All Makes Cummins® Compressors

To help you grow your business and offer your customers a quality replacement product, Bendix is making it easier for you to maintain inventory of the All Makes Cummins compressor part numbers listed below.

1. Core return extended to eighteen (18) months for upfront and twelve (12) months for delayed orders.
2. Option to exchange unused inventory without penalty with a replacement order for compressors of like value at the end of the core window.
3. 2017 pricing remains in effect from January 1 – December 31, 2018 for any All Makes compressors.
4. No minimum stocking requirement.
5. New customer friendly web page on bendix.com promoting All Makes, featuring updated part number cross reference and list of participating distributors.
6. New distributors will be added to the participating distributor list with first purchase.
7. Bendix will supply targeted marketing support upon request.

## Worry-Free Core Exchange

Cores are subjected to a simple inspection according to the Bendix Core Handbook (BW1020ALL) available on the Literature Center on bendix.com. With a newly expanded return window\*, and only a visual inspection, you can be sure that you're getting top value for your core.

\*Expanded core window applies to only part numbers listed in this document
