

The main title "BENDIX CORE RETURN PACKAGING" is centered on the page in a large, bold, blue, sans-serif font. The text is enclosed within a blue graphic consisting of two thick horizontal lines, one above and one below the text, with short vertical lines at the ends, resembling a stylized bracket or a frame.

Pallets should be standard size, less than 48” tall, and under 2,000 lbs. per pallet.

Product	Return Instructions	Return Packaging
Brake Shoes	Brake shoes must not be returned in boxes of any kind. Treat them as individual shoes (not pairs, or kits). Because they will be processed at different location(s) from other items, pack them separately from other cores and items being returned for warranty.	Must <u>Not</u> Be Individually Boxed!
Electronic Components	Only electronic cores are to be returned in their original boxes – using suitable packing materials (bubble-wrap, etc.)- to prevent damage. Electronic cores – in a separate container from other cores – may be carefully included as part of a pallet with other cores.	Package Individually
Hydraulic Brake Calipers	This product must not be returned in boxes.	Must <u>Not</u> Be Individually Boxed!
ADB	This product must not be returned in boxes. Because they will be processed at different location(s) from the other items, pack them separately from other Cores and items being returned for warranty.	Must <u>Not</u> Be Individually Boxed!
Steering Gears	All steering gears must be returned in the plastic bag and box that it originally came in. No more than 16 boxes per pallet, with the part number label on the box facing outward.	Package Individually
All Other Cores	Group together, if possible, with other cores in the same core group, but do not use individual boxes.	Package <u>grouped</u> with other similar cores

Please see www.bendixcorefreight.com for additional instructions or email cores@bendix.com.

Carefully pack all cores with adequate protection to avoid damage in transit.

Good packaging helps maintain the core's value.

Inadequate packaging can cause you significant financial losses.

If you have any questions or need further assistance.

You can contact the Bendix e-Commerce team at support@bendix.com or click on the **Contact form** link found in the footer of every page on the site.
