How to Use the Brake Application Template

Bendix offers customers a Brake Application Request Form Template. This feature allows you to open a submitted Brake Application Request Form and start a New Brake Application Request Form. If a New Request is created all information will be copied to the new form from the selected submitted application form.

Creation Date	Brake Application NO.	Customer	Status	Comments	Attachments
04/11/2023	BBA-2023-04-0068	Your location will show here	Engineering Approved	dddddddddd	
04/11/2023	BBA-2023-04-0065	Your location will show here	Engineering Approved		BBA-2023-04-0065.zip
02/01/2022	BBA-2022-02-0015	Your location will show here	Input Required	test	
01/31/2022	BBA-2022-01-0012	Your location will show here	Input Required	Testing emails	

- The template will be available for any submitted requests in any status.
- Under **My Account:**
 - Select **My Request**
 - Select **Brake Application Search**

Once you click on the **Brake Application No.** the following pop-up box will appear. If you want to create a new application using the information from an already submitted application, click on **Create a New Request** button. If you are not creating a new application request, you can click on **Review Submitted Request** button.

You can open this submitted Brake Application Request Form to review or open to start a New Brake Application Request Form

If a New Request is created all information will be copied to the new form
