Pallets should be standard size, less than 48" tall, and under 2,000 lbs. per pallet.

Product	Return Instructions	Return Packaging
<b>Brake Shoes</b>	Brake shoes must not be returned in boxes of any kind. Treat them as individual shoes (not pairs, or kits). Because they will be processed at different location(s) from other items, pack them separately from other cores and items being returned for warranty.	<b>Must <u>Not</u> Be Individually Boxed!</b>
<b>Electronic Components</b>	Only electronic cores are to be returned in their original boxes – using suitable packing materials (bubble-wrap, etc.)- to prevent damage. Electronic cores – in a separate container from other cores – may be carefully included as part of a pallet with other cores.	<b>Package Individually</b>
<b>Hydraulic Brake Calipers</b>	This product must not be returned in boxes.	<b>Must <u>Not</u> Be Individually Boxed!</b>
<b>ADB</b>	This product must not be returned in boxes. Because they will be processed at different location(s) from the other items, pack them separately from other Cores and items being returned for warranty.	<b>Must <u>Not</u> Be Individually Boxed!</b>
<b>Steering Gears</b>	All steering gears must be returned in the plastic bag and box that it originally came in. No more than 16 boxes per pallet, with the part number label on the box facing outward.	<b>Package Individually</b>
<b>All Other Cores</b>	Group together, if possible, with other cores in the same core group, but do not use individual boxes.	<b>Package <u>grouped</u> with other similar cores</b>
