Additional discounts applied when you order at the SPQ quantity (or multiples of the SPQ).

See page 2 for additional details.

# Standard Package Quantity Program

Standard Package Quantities (SPQ's) are stocked configurations that are readily available from our distribution centers. Since they require minimal handling, simply order the noted SPQ and Bendix passes along additional savings on top of the already discounted Winter Promotion price.

There have been several changes to the Bendix 2023 Winter Promo:

1. The 2023 promotional pricing as shown here will be in effect from July 1, 2023 until March 31, 2024 (the order must be scheduled to ship within these dates in order for promotional pricing to apply). In order to ensure the promotional pricing will be applied to your order, please refer to your current Bendix pricing package for lead time information.
2. Bendix now offers 15 popular air dryers, dryer cartridges, and purge valves available for sale in SPQ.
3. Bendix still offers a deeper SPQ discount when you purchase the PuraGuard® version of our reman AD-9® dryer.

**The Bendix SPQ\* program is easy to use. Simply order the published SPQ from the table on page 1 and we'll automatically apply the discount.**

*\* In order to receive SPQ discounts, the exact (or a multiple of the) SPQ must be ordered. Quantities are listed in the table on page 1. Lower quantities of multiple part numbers cannot be combined to achieve an SPQ price.*
