Subject: **Bendix Announces Forward Looking Radar (FLR) Sensor Service Kit Part Numbers for Navistar® ProStar® Vehicles**

Bendix announces that effective January 1, 2014, the Bendix™ FLR20™ radar sensor will be used as a replacement for Navistar® ProStar® vehicles originally equipped with the Bendix™ FLR10™ radar sensors. There are two kits, dependent on the build date of the vehicle.

Kits include the bracket and components needed to perform the installation, however an alignment tool (see below) and digital inclinometer will also be required to complete the installation and alignment.

Bendix™ FLR10™ Radar Sensors	For Navistar® ProStar® vehicles built 1/31/2011 and before	For Navistar® ProStar® vehicles built after 1/31/2011

Reference Document:

For more information about the radar sensor (including the alignment procedure), see the Bendix® Wingman® Advanced™ (FLR20™ sensor) Service Data Sheet: SD-61-4960. This document is available for download from the Bendix Document Library at www.bendix.com, or may be ordered from the Marketing Center.

Note: Return Bendix FLR10 radar sensors for Core credit. (See page 2 for Core return information).

CORE EXCHANGES

Since the Bendix™ FLR20™ radar sensor replaces a Bendix™ FLR10™ radar sensor, when customers return the part for Core credit it is important to use a BW1829 orange tag. This will alert the plant that the Core is eligible to be applied to the Bendix FLR20™ radar sensor Core group.
