## Subject: Bendix® M-32™ to M-40™ Modulator Changeover - New Numbers

The Bendix® M-32™ pressure modulator valves have been replaced by the Bendix® M-40™ modulator valves. The table below shows the cross reference from M-32 modulator valves to the corresponding M-40 replacements. The Comments column specifies special fittings/adapters that must be purchased to facilitate the installation. When replacing an M-32 modulator, it is recommended that the modulators on both sides of the axle be replaced at the same time.
