

Replacing the Air Compressor on Your Cummins® Engine?

ALLMAKES
by Bendix CVS
Reman Compressors
**Reliable and
Cost-Effective**

Huge savings off the Cummins® OE replacement price with **All Makes** by Bendix CVS – now with expanded offering.

Are you looking for quality, cost-effective replacement compressors for vehicles in your fleet equipped with a Cummins engine? When servicing older vehicles, there are issues to consider: Will the compressor be reliable long-term so I get my money's worth? And, will the supplier stand behind their product?

Choose **All Makes** by Bendix CVS for reliable performance at an affordable price, along with the service and support you need. A global leader in air braking systems, Bendix brings nearly 90 years of original equipment – and nearly 40 years of remanufacturing experience – to our **All Makes** reman Cummins compressors.

And few remanufacturers back their products like Bendix. We provide the same technical and field service and support for our **All Makes** compressors as we do on our own genuine Bendix® compressors.

When you buy **All Makes** you'll get:

- The reliability you need to keep your truck on the road and costs down
- A significantly lower price than the Cummins reman
- Post-sales support from a trusted supplier
- Strong warranty protection
