

The competition  
falls apart in  
your hands ...  
**LITERALLY!**

### Knock-off

*Knock-offs, bought right off the shelf, failed in less than 400 park applications. That's approximately one month of operation.*

### Genuine Bendix® MV-3® Dash Valve

*Reliable. Durable. Built to last.  
The only true OE replacement.*

**Why cut corners? Protect your vehicle  
by using only genuine Bendix® parts.**
