

Keep tire pressure, temperature, and your bottom line at safe levels.

SmarTire[™]

Tire Pressure Monitoring System
by Bendix CVS

Why SmarTire is the smart choice:

- Helps fleets save money on the #1 maintenance item: Tires
- Provides immediate warnings on tire inflation and temperature issues
- Can help increase fuel economy up to 2% – saving \$1000s annually
- Almost 90% of tire failures are from under-inflation
- Pays for itself in as little as 8 months

Ask here how SmarTire TPMS from Bendix CVS can save you money and improve your fleet's safety from day one.

Because Safety and Savings Revolve Around Your Tires[™]
